Earth Science Week 2013 Events

October 13-19 is Earth Science Week 2013! This year’s national theme for the week is “Mapping Our World,” and each day of the week focuses on specific themes (see http://www.earthsciweek.org/specialdays.html). Every year, NBMG actively participates and hosts events in conjunction with Earth Science Week.

Earth Science Week Field Trip – October 12 and 13
NBMG hosts annual Earth Science Week field trips, which are educational, free, family oriented, and always a lot of fun. In keeping with the national Earth Science Week theme, this year’s trip will focus on identifying rocks and minerals, then mapping the geology around NBMG’s Great Basin Science Sample and Records Library (GBSSRL) on the DRI campus. The trip will take place on October 12 and 13 (same trip on Saturday and Sunday). A sign-up form and additional information is available at http://www.nbmg.unr.edu/ESW/ESW_13/index.html.

International EarthCache Day – October 13
Sunday, October 13 is International EarthCache Day. Celebrate by hunting Nevada EarthCaches available from the NBMG website! http://www.nbmg.unr.edu/ScienceEducation/EarthCaches/EarthCaches.html

National Fossil Day – October 16
Plan a fossil-collecting adventure using a field guide from a past NBMG Earth Science Week trip to celebrate the fourth annual National Fossil Day on Wednesday, October 16. Visit Geotripping in Nevada on the NBMG website and look for field guides with numbers E28, E40, E42, and E52. You could also plan a trip to visit an excavation site for Nevada’s state fossil—the ichthyosaur—at Berlin-Ichthyosaur State Park, or visit the huge plesiosaur and other fossils at the W.M. Keck Museum on the UNR campus. If you attend the ESW trip on October 12 or 13, which leaves from the GBSSRL, you can pick up some free games and activities on fossils at our office. http://nature.nps.gov/geology/nationalfossilday/

The Great Nevada ShakeOut – October 17
On Thursday, October 17 at 10:17 a.m., you can join NBMG in practicing how to “drop, cover and hold on” during The Great Nevada ShakeOut. Learn more about this statewide earthquake drill and how to participate at http://www.shakeout.org/nevada/index.html. Don’t forget that Nevada is earthquake country, so take the necessary steps to be prepared for the next time an earthquake strikes! Earthquake preparedness brochures and booklets are available free on the NBMG website at http://www.nbmg.unr.edu/Geohazards/Earthquakes/Preparedness.html.

Geologic Map Day – October 18
Friday, October 18 is Geologic Map Day. A major component of NBMG is geologic mapping. Geologic maps are critical to understanding Nevada’s geology and landscapes, mineral and energy resources, and geologic hazards. NBMG’s extensive collection of geologic maps can be browsed online at http://www.nbmg.unr.edu or in person at the GBSSRL.

Be sure to participate in Earth Science Week 2013, and don’t forget to sign up for our annual field trip!

Geoff Blewitt Seminar – PowerPoint Now Available

The PowerPoint from Geoff Blewitt’s seminar presented on Monday, September 23, 2013 is now online: Observed Solid Earth Contributions to Sea Level Variation in Western US http://geodesy.unr.edu/publications/Blewitt_SLR_Seminar.pdf
The research of the Nevada Geodetic Laboratory at NBMG is certainly in keeping with the "Mapping Our World" theme since they are mapping the sea level changes in our world through GPS.

Nevada Petroleum and Geothermal Society Sponsorship Request for 2013-14

On behalf of the Nevada Petroleum and Geothermal Society (NPGS) Board of Directors, I invite you and your firm to join our NPGS Sponsorship Drive for the 2013-2014 term.

Annual support for the NPGS from firms active in Nevada is necessary so that this Society can continue to perform our programs, including distribution of research awards to University of Nevada, Reno, University of Nevada, Las Vegas, and other graduate students performing research relevant to the geology of the Great Basin, monthly professional dinner presentations, and community outreach activities such as the Nevada Bureau of Mines'-UNR's Earth Science Week Field Trips.

You and your firm’s continual support at any level clearly shows your commitment to our profession. We have three sponsorship levels available this year:

**Gold Level Sponsors** will receive numerous benefits which allow them to maximize their positions as leaders in our local geological community. As a Gold Level Sponsor, your Company will be prominently displayed on a full page of our monthly newsletter and on our website (http://www.nbmg.unr.edu/nps/). We will advertise opening positions with your Company at any time that you request during the year. We will also run your Company’s promotional slide show at a monthly dinner where we will present you with an elegant commemorative plaque that you can proudly display at your office. Please also consider developing a short dinner showcase that highlights your firm or is of general interest to the membership. Gold Level Sponsorship costs only $500 per year.

As a **Silver Sponsor**, your Company’s business card will be displayed in a section of our monthly newsletter and on our website. We will advertise opening positions with your Company as requested at any time during the year. Silver Sponsorship costs $300 per year.

**Corporate Sponsorships** are flexible. Corporate Sponsors will be able to provide NPGS with any amount of their choosing. Sponsors providing greater than $500 will receive all the benefits as a Gold Level Sponsor. Sponsors providing less than the Gold Level amount will receive name recognition in both our website and our monthly newsletter.

Please help to sponsor the NPGS by filling out the attached Sponsorship Application Form and telling us where you would like to designate your sponsorship dollars. NPGS is a 501c3 non-profit organization. Contact your tax advisor to determine which portion(s) of your donation is (are) deductible.

We also have opportunities for you and your Company to host the Ramada bar during our dinner meetings. If you would like to host the bar, please contact me prior to one of the meetings at 775-200-5143 to set that up. Or you can provide a donation to our NPGS Scholarship fund which has provided significant assistance to our University of Nevada Mines and Geology students, or even to our General Fund, which helps us to provide you with our informative dinner meetings. Please designate the desired amount(s) on the attached Sponsorship Application.

As always, we welcome your suggestions on how our Society’s programs and activities can be improved. More importantly, we welcome the participation of you and your firm’s staff at our monthly dinner presentations and at all of our events. If you know of anyone who is interested in serving in a leadership position on our Society’s Board of Directors, please encourage them to contact us. Their involvement will ensure a vibrant future for the Nevada Petroleum and Geothermal Society.

We look forward to working with you to help make our Society the best that it can be. Please contact me at 775-200-5143 or email me at jkareck@lumosengineering if you have any questions or require any additional information.
